

JOIN US FOR THE LATEST IN SPECTROMETRY RESEARCH

Colloquium of Optical Spectrometry (COSP) 2017 Berlin, 27th to 29th November 2017 (Monday - Wednesday)

The Colloquium of Optical Spectrometry is organized by PerkinElmer in collaboration with the Federal Institute for Materials Research and Testing (Bundesanstalt für Materialforschung und -prüfung (BAM)). This conference will highlight latest innovations and many facets of recent research focal points and industrial development activities in the application area of:

UV/Vis/NIR Spectrometry • Fluorescence Spectrometry • FT-IR Spectrometry

It provides a forum for discussion of the latest research results, new technical developments, proven accessory configurations, practical applications, standards, and reference materials. In addition, it offers the opportunity for an international exchange and transfer of expertise, experience and new ideas, from industry as well as research opinion leaders.

The committee will guarantee an attractive and informative conference program with invited keynote speakers and international contributors. The technical and scientific program will include sessions with oral or multimedia presentations, workshops, poster session and an exhibition.

The conference location will be at the Federal Institute for Materials Research and Testing (BAM):

BAM
Unter den Eichen 87
12205 Berlin, Germany

(Note rear side for more details)

The conference composition will be split in a German and International (English) sessions:

27th November, Afternoon

- German Presentations

28th November, Morning

- German Presentations
- English Workshops

28th November, Afternoon

- English Presentations
- German Workshops

29th November, Morning

- English Presentations
